Denmark as a digital nation

1. *Denmark's ecosystems rank among the world's top 20: Fintech, Robotics, Agtech and Edtech*
2. *Copenhagen is ranked the 4th largest startup hub in Europe*
3. *41% of Nordic impact investment comes from Denmark, and has led us to become home to some of the world's most successful impact-driven success stories*
4. *Denmark is the homeland of big data – health data, climate data.*
