

Innovation network – a future operating model for technology companies?

Thorsten Thormann, Vice President of Research, LEO Pharma

In LEO Pharma we help people achieve healthy skin

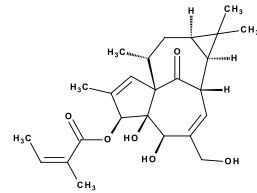

Drug innovation model

14. november 2017

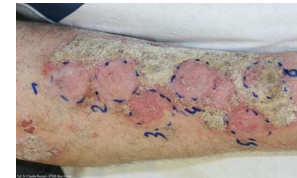

**UNDERSTAND
PATIENTS AND
DISEASE**

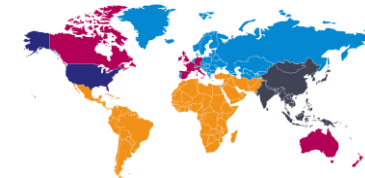

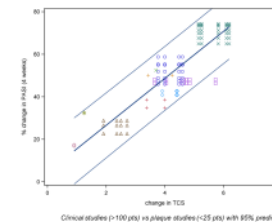

**DRUG
TECHNOLOGY
PLATFORMS**

**BIOLOGICAL
MODEL SYSTEMS**

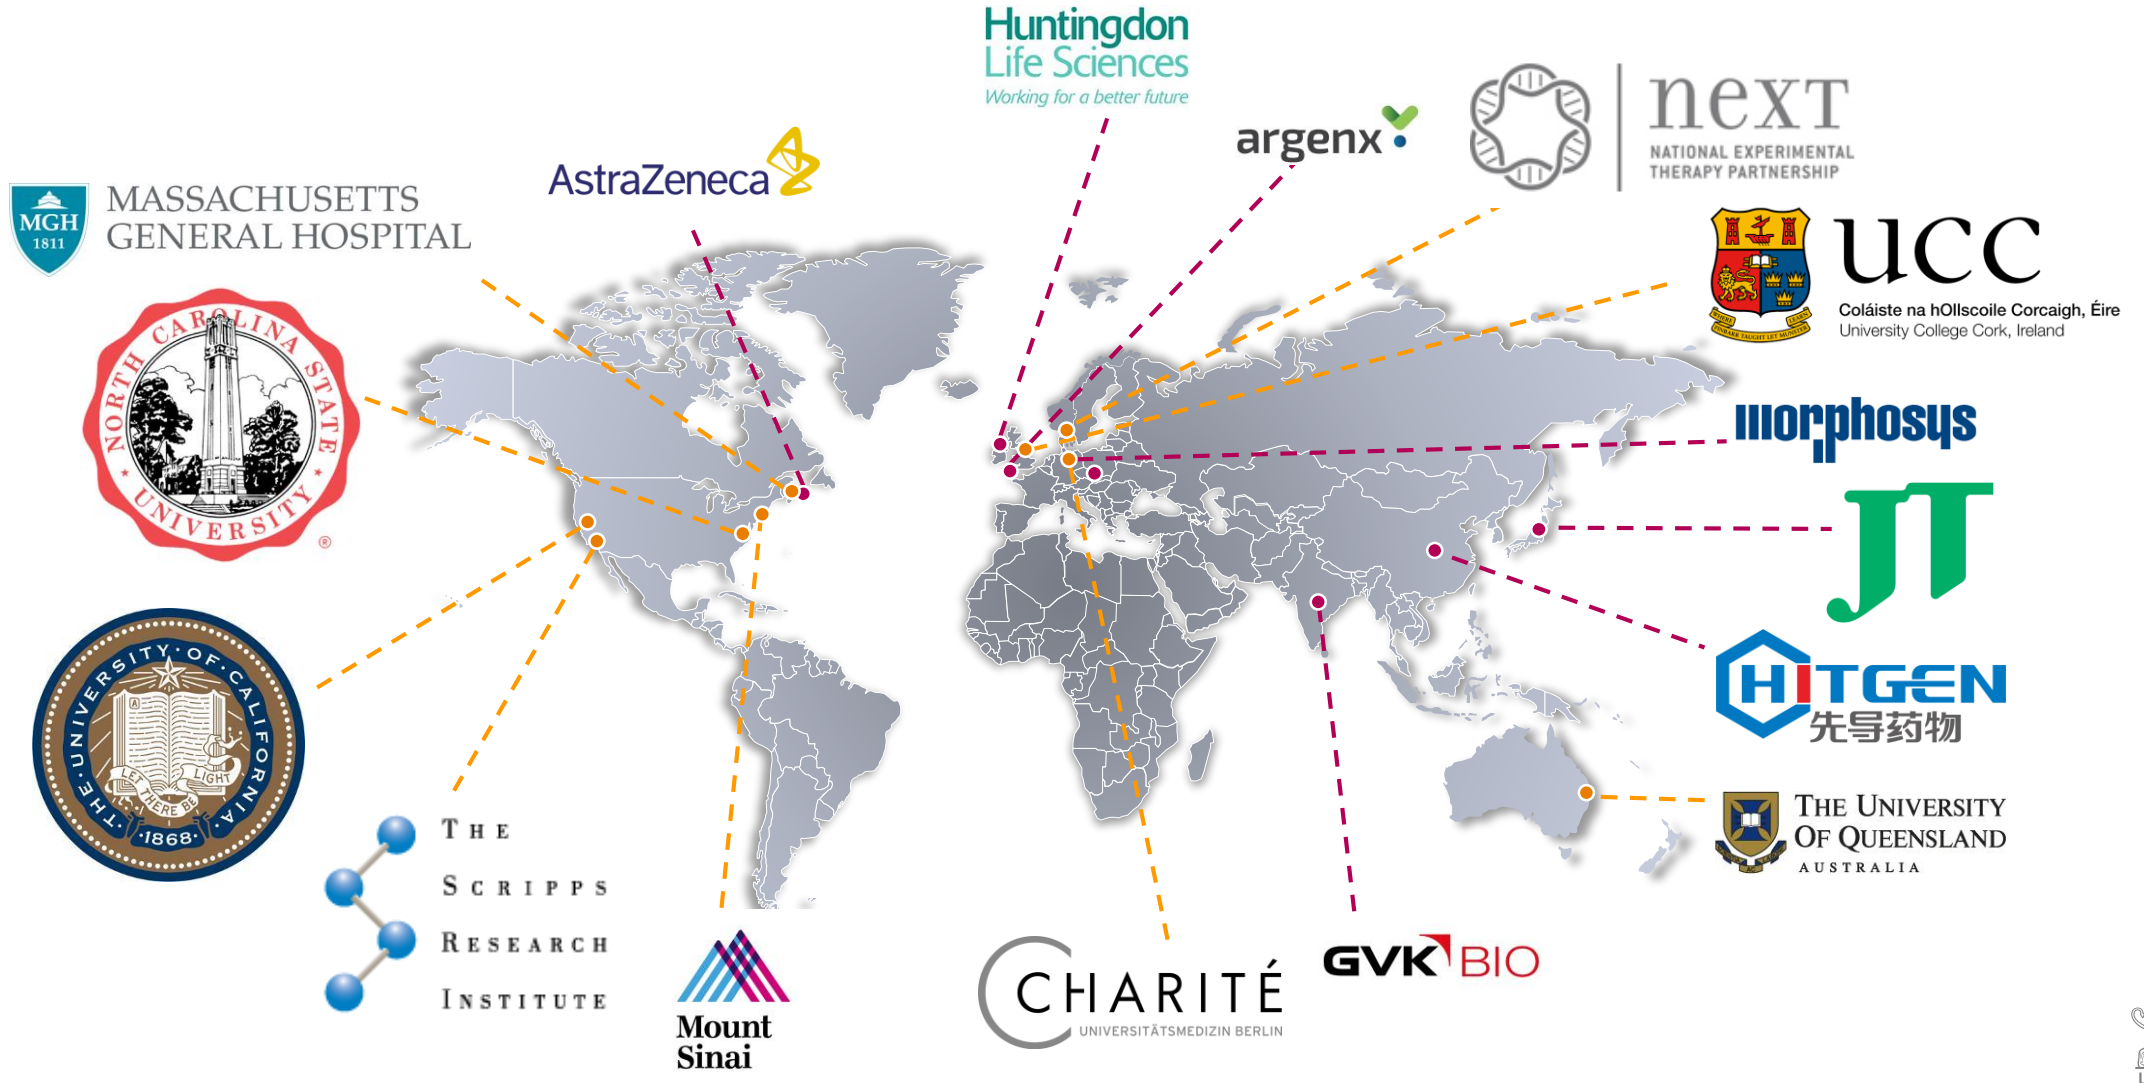

HUMAN TESTING

**MARKET
POSITIONING**

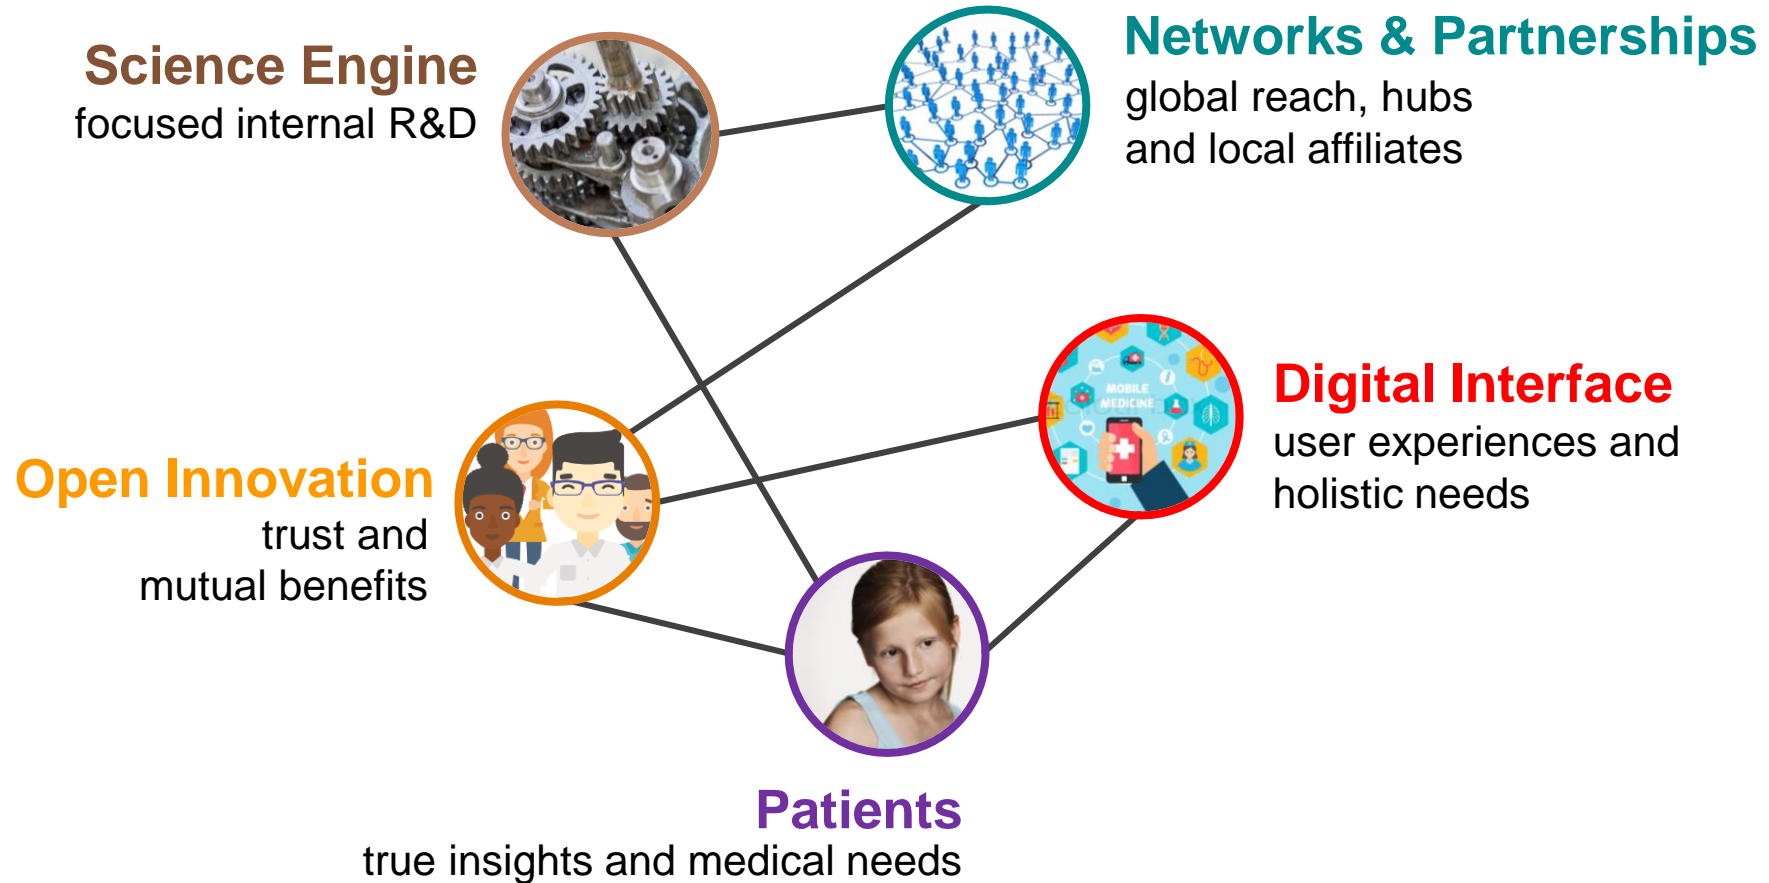

We partner with strong institutions across the world

Future innovation ecosystem – think different

How to start a movement?

Open innovation: The simple message

Testing your molecules.

For free.

No strings attached.

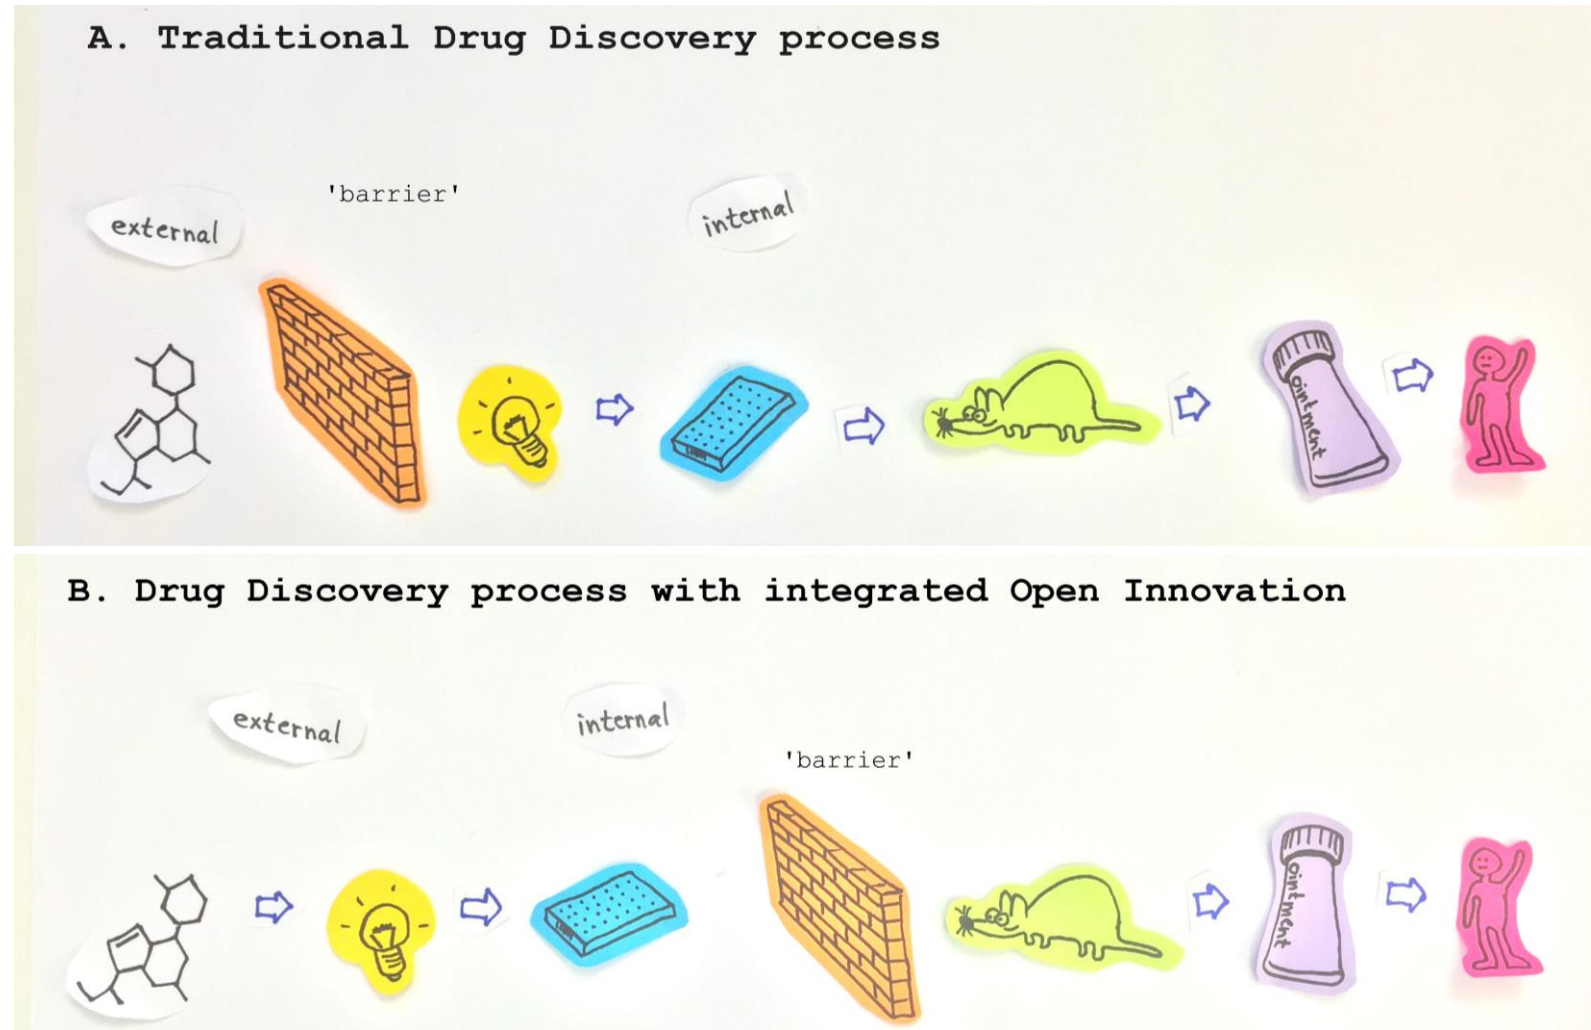

openinnovation.leo-pharma.com

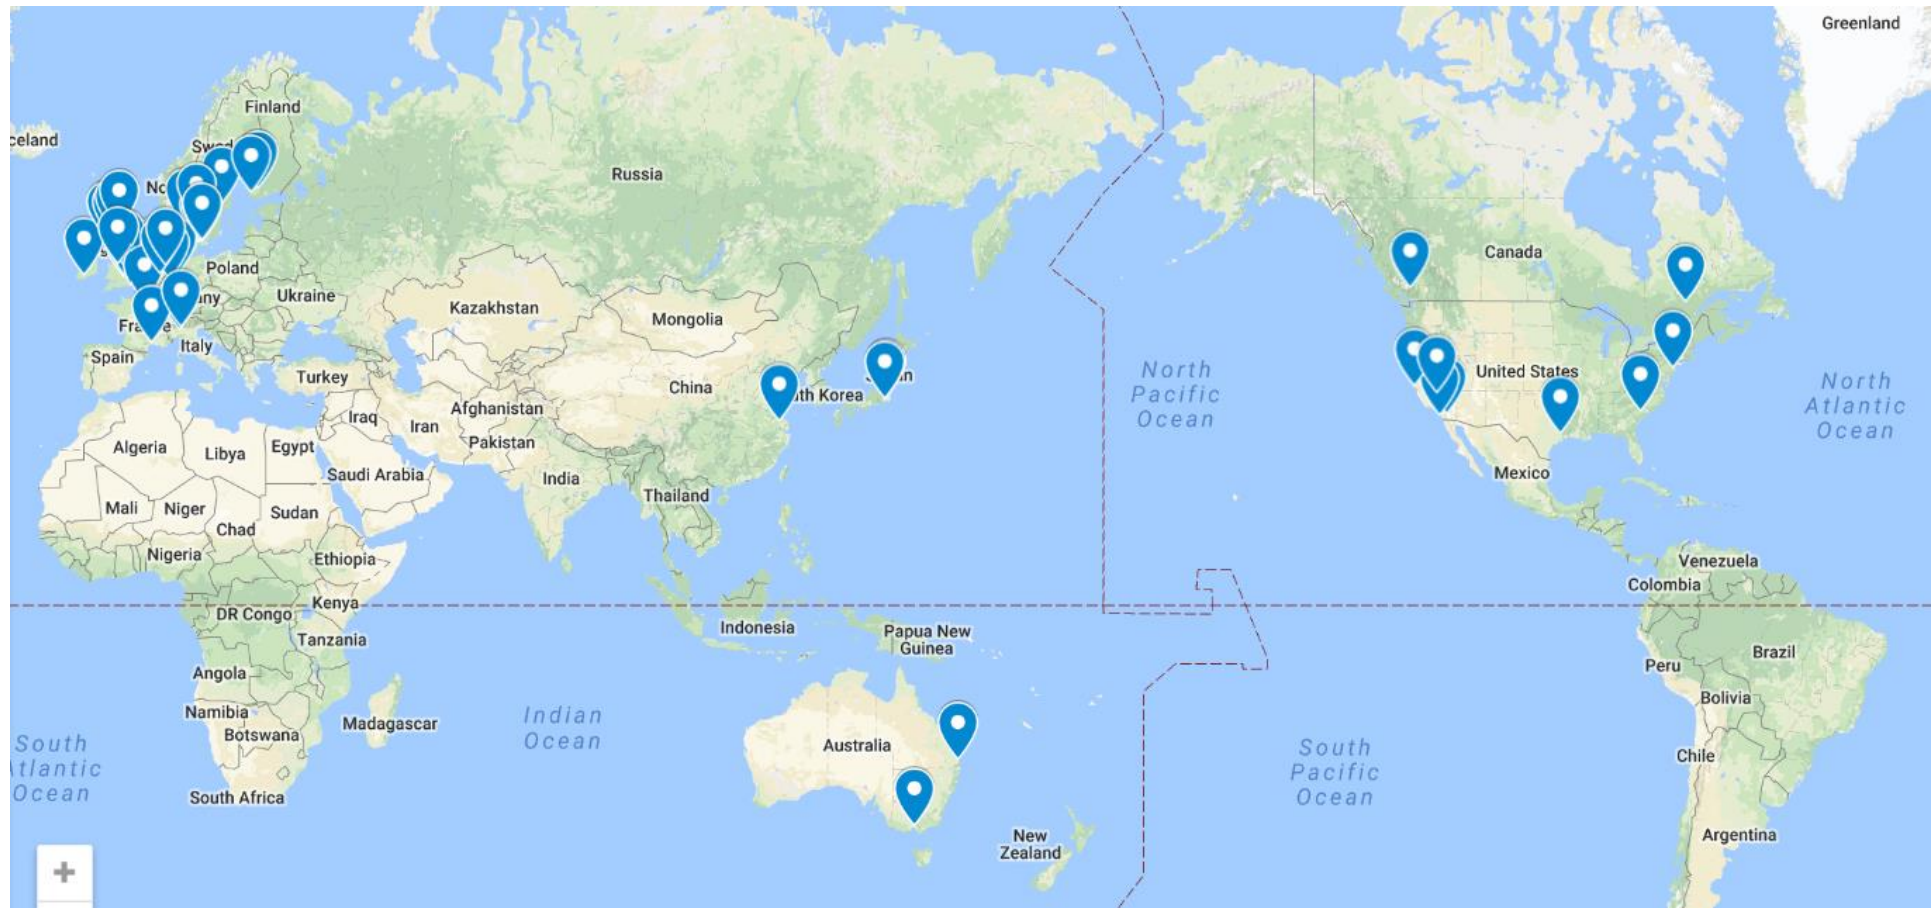

How to make it happen

Barriers in the traditional R&D process

Open Innovation achievements so far

- Attracted approximately 50 partners
- Award for best innovation in pharma industry (2015)
- Identified previously unknown science opportunities
- Established global reach
- Received a lot of positive feedback on the model

Thank you
