GRUNDFOS 

# DIGITALIZATION IN GRUNDFOS

## LIGHTHOUSE 1

Direct, real-time, and relevant relations

## LIGHTHOUSE 2

Connectivity and optimization

## LIGHTHOUSE 3

New business models

## LIGHTHOUSE 4

Digital value chain

**It is better to act yourself  
into a new way of thinking -  
than thinking yourself into  
a new way of acting**

# HOW WE EAT THE ELEPHANT...

## PILOT FACTORY

Test in real life

Pilot based approach – test in real life and just get started

Involve employees in production

SPEED

Work within many areas simultaneously

Challenge old truths

Learn from others

Communication, communication, communication

# HOW IS IT GOING WITH THAT ELEPHANT?

## Main focus areas

Data foundation & analytics

Automation of manual processes

Traceability & MES

Digital development

People competences & learning

Additive manufacturing
